

# **ROB RIGGS**

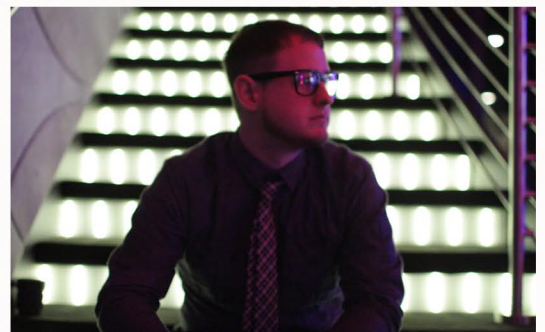

It is my distinct pleasure to introduce you to Rob Riggs; *world class DJ, international jetsetter, tennis enthusiast & holder of exotic animals.*

With an illustrious career in fine art turntablism spanning over a decade, Rob's class, professionalism and dedication to superior quality have earned him a status of tastemaker amongst musical contemporaries and a place at the top of turntablism's stylistic vanguard. His flawless mixing, meticulous finger-grooming habits and impeccably bright linens scream of man who considers DJing a lifestyle rather than a mere hobby.

Evident in his growing list of clients, which includes Playboy, Royal Caribbean, Guess, Ritz Carlton, and Redbull, Rob's exploits as an international sound selector have separated him from the throngs of dime-a-dozen laptop DJs and made him an object of desire amongst the social elite of vogue industries. A fixture at high end clubs and events throughout the US, Europe and the Caribbean, he possesses a certain je ne sais quoi and James Bond-esque adaptability that can only be obtained through a combination of natural talent and career experience. Honed through countless bookings, tours and residencies at prestigious hotels and nightclubs, Riggs has the fingertip sensitivity of a safecracker and an out of body control over dance floors that borders on the supernatural.

As head instructor at the world renowned 'Scratch DJ Academy' in Miami, Rob Riggs has made a personal commitment to raising the standards of the "club DJ". With teaching activities that range from carrying record crates backwards up downward escalators to reading entire libraries of literature in chronological order, Rob has lent his expertise in the fields of mixing, scratching and party rocking to students of the craft young and old.

When he's not in the megamix, he keeps his fingers limber by stroking and grooming his personal stable of large, champion breed felines and maintaining the levels of pollution of his inhome aquariums. Once you've witnessed the man entertain and satisfy crowds of even the most exceedingly disparaging and picky, you too will agree that in the inventory of Rob Riggs, excellence is well stocked.
